LIZE DOLLCAKES is a Melbourne based emerging artist who spends large amounts of her time hibernating in her studio with her pet rabbit.

Drawing inspiration from childhood folklore, memories, superstitions and Melbournes prolific street-art culture. Creating works from hand-made stamps, water colour, paper cutting, pens, hand-made books and arting under the stars.

She also likes drinking a lot of green tea, the smell of cut grass, thunderstorm showers and the feeling of sand in her socks!

Behind her every creation there is a hidden world.
